Date: 17/12/2021.

The distribution of this financial services guide (**FSG**) is authorised by the Licensee.

Purpose of this document

The purpose of this FSG is to assist you in deciding whether to use our services by giving you information about the type of services we provide, how we are remunerated and your rights when you have a complaint about the services we provide to you.

We recommend that you read and understand this FSG before you engage us to provide you with any financial services. If you have any questions, please get in touch with us.

Not Independent

Because:

- we receive commissions on the sale of life risk insurance products that are not rebated in full to clients;
- we recommend financial products issued by us or our associates which are referred to as “in house products”

we are not able to refer to ourselves or our advice as ‘independent’, ‘impartial’ or ‘unbiased’.

Additional documents you may receive from us

When we provide you with financial planning services you may receive:

- a Statement of Advice (**SoA**) or Record of Advice (**RoA**). These documents set out the advice we provide to you. If you have not been provided with the ROA, you may request a copy of it free of charge at any time within 7 years after the advice was provided to you, by contacting us;
- a Product Disclosure Statement (**PDS**) which provides details about the significant risks and benefits, costs, charges and other significant characteristics or features of the products we have recommended.

If you enter into an ongoing service agreement with us, you will receive annual fee disclosure statements and we will ask you to renew the agreement and consent to the deduction of advice fees from your account each year.

Fees

All fees are payable to McConachie Stedman Financial Planning and Steven Kirkman is an owner of the shares on issue in McConachie Stedman Financial Planning and shares in the profits that McConachie Stedman Financial Planning makes.

All fees quoted are inclusive of GST.

General advice

We may charge you a fee for any general advice we provide to you. That fee may be either a fixed fee or based on the amount of hours it takes us to prepare and provide you with the general advice. The hourly rate can be up to \$385 per hour. Details of the fee will be agreed with you in an engagement letter. You may request information about these fees within a reasonable time after receiving this FSG but before you are provided with any general advice.

Personal advice

We will charge you a fee for personal advice we provide to you, including in initially developing your financial plan and then implementing it, or as part of a once-off service. That fee may be either a fixed fee or based on the amount of hours it takes us to prepare and provide you with personal advice. Where we charge you by way of hourly rate, that rate is \$385 per hour. These fees will be agreed with you beforehand as part of an engagement letter and will be disclosed in a SoA or RoA which will be provided to you.

Ongoing fees

Our ongoing advice service fees depend on the ongoing review service that we provide to you. They are typically charged as a percentage based on the value of your portfolio (up to a maximum of 1.10%) plus a service fee and are paid monthly, annually or as agreed. For example, if your portfolio value is \$100,000 and you are charged 0.33% plus a service fee of \$2,000, the ongoing fee will be \$2,330 (subject to fluctuating account balances). The ongoing fee will depend on your total assets under management and other factors such as the complexity of your portfolio, the regularity of reviews and any additional services we are providing.

The ongoing advice service fee and how this is paid will be agreed with you in our ongoing service agreement.

Managed fund transaction fees

We may charge a % transaction fee when you buy interests in managed funds. This fee will typically be applied to each transaction as a set percentage of the investment amount. The services and fees will be set out in the SoA or RoA that we provide to you.

Managed portfolio investment management fees

We may charge you a fee in relation to selected managed portfolios that form part of your investment strategy. This investment management fee is calculated as a percentage of your managed portfolio calculated daily and deducted from your cash account monthly in arrears. Full details of the fee will be detailed in your SoA or RoA and will only be deducted with your consent. If you do not provide consent, you will not be able to invest via the managed portfolio.

The investment management fee is paid in full to HUB24 and used to remunerate the portfolio manager for its services in relation to the fund and to meet the costs of the asset consulting and investment management services associated with the portfolio.

In addition to the investment management fee, there may be indirect costs associated with the underlying investments held within the managed portfolio.

Insurance commissions

We receive an initial commission when you take out an insurance policy we recommend. This initial commission is based on the value of your premium, which will be capped under an upfront structure at 66% from 1 January 2020. Ongoing commissions under an upfront structure will be capped at 22% of the annual premium paid. Both initial and ongoing commission under a level structure will be capped at 31%.

You will be advised of the exact amount of these commissions in the SoA or RoA.

Other Benefits

We may also receive additional benefits by way of sponsorship of education seminars, conferences or training days. Details of any benefits received above \$100 will be maintained on a register which is available to you on request.
